- Assign assessments throughout the week (not just Fridays).

Delivering Instruction:

- When students attend in person, teachers will deliver the live instruction while also displaying other instructional resources.
- All direct instruction will be recorded and accessible to all students regardless of the learning group via Google Classroom and is for all students while participating in distance learning.
- Student opportunities for socialization activities, character education activities, and movement/activity breaks are included in the daily schedule to ensure that we are meeting the needs of the whole student.
- All assignments will be posted by Friday afternoon. Work will be due 9 days later on the following Sunday. (Same as the current process).

Office Hours

Office hours will be available to all students on Wednesday afternoons by appointment. Please email or call the school to schedule an appointment.
