Plan Description

Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	2016-2017 Proficiency-Increase the averaged combined reading and math proficient/distinguished K-PREP scores for elementary students from 61.9% to 73.3% in 2019.	Objectives: 1 Strategies: 3 Activities: 7	Organizational	\$73500
2	Stode Station Elementary parents will be actively involved in school decision making and experiences.	Objectives: 1 Strategies: 3 Activities: 3	Organizational	\$1000
3	2016-2017 Closing the Achievement Gap - Increase the average combined reading and math proficiency ratings for all students in the NON-DUPLICATED GAP GROUP from 47.3% in 2016 to 65.4% in 2019.	Objectives: 1 Strategies: 7 Activities: 18	Organizational	\$128000
4	Reduce the combined number of novice scoring students in reading and math from 3.8% to 1% in 2020 as measured by state and local assessments.	Objectives: 1 Strategies: 1 Activities: 4	Organizational	\$8000
5	Access to technology to support instructional purposes and student achievement	Objectives: 1 Strategies: 1 Activities: 1	Organizational	\$20000
6	2016-2017 Equitable Access--improve student access to the most qualified teachers	Objectives: 1 Strategies: 1 Activities: 2	Organizational	\$0

Goal 1: 2016-2017 Proficiency-Increase the averaged combined reading and math proficient/distinguished K-PREP scores for elementary students from 61.9% to 73.3% in 2019.

Measurable Objective 1:

collaborate to increase the overall reading and math proficient/distinguished for Strode Station Elementary from 61.9 to 65.7 by 05/31/2017 as measured by K-PREP.

Strategy 1:

Grade-level Reading Benchmarks - Grade-level Benchmarks have been established for each grade-level in Reading. (Letters/Sounds, Sight Words, Fluency, Guided Reading Levels, and comprehension). Teachers monitor their students weekly through large group and small group reading instruction.

Teachers are using the Fountas and Pinnell reading assessments to determine students' Guided Reading Level for instructional and RTI purposes.

Analysis of reading data by teacher during weekly grade-level PLC meetings which leads to a monthly Data-Wall meeting for each grade-level to review student progress, RTI reading groups, and to determine next steps.

Research on effective teaching has clearly shown that effective teachers explicitly teach students what they need to know; imparting new information to students through meaningful teacher-student interactions and teacher guidance of student learning.

Goal 2: Stode Station Elementary parents will be actively involved in school decision making and experiences.

Measurable Objective 1:

Strode Station 2016-2017 Comprehensive School Improvement Plan

Strode Station Elementary

collaborate to increase parent involvement at Strode Station as measured by increased parent attendance at school events. by 05/31/2017 as measured by the number of parents/guardians who sign-in as participants in school events (Open House, Title 1 Meetings, Grade-level Specific events)..

Strategy 1:

Title 1 Family Activities - Title 1 Family Nights - The Family Resource Center, PTO, and faculty at Strode Station will provide parent workshops, student led conferencing opportunities, parent workshops with topics determined by parent surveys once a month in the evenings. Grade-level performances and other incentives will be integrated into the Family Nights to encourage parents to become involved in school events.

Goal 3: 2016-2017 Closing the Achievement Gap - Increase the average combined reading and math proficiency ratings for all students in the NON-DUPLICATED GAP GROUP from 47.3% in 2016 to 65.4% in 2019.

Measurable Objective 1:

collaborate to increase the average combined reading and math proficiency ratings in the non-duplicated gap group from 42.3% to 53.8% by 06/30/2017 as measured by KPREP data.

Strategy 1:

Writing to demonstrate learning in all content areas - Writing in all subject areas that is specified to core content standards will require students to use critical thinking skills. Weekly team planning meetings will be used to analyze student writing to understand content taught.

Category: Learning Systems

Activity - School Wide Writing Plan	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible

Strategy 3:

Math Instruction - ALL K-4 teachers will use the enVisions Math Program to teach the KASC in mathematics and follow the district developed pacing guides in order to keep elementary school students on the same units/topics across the district. Benchmark assessments that are K-PREP like will be given to assess mastery of the standards. Using the 4 components of an 'enVisions' lesson teachers will provide authentic learning opportunities that create real-world connections with transfer opportunities. Units/topics will include intentional spiraling of concepts as well as best instructional practices. The master schedule reflects a math block of 90 minutes that is protected and dedicated to the instruction of the enVisions math program. A focus on numeracy and problem-solving while furthering students' abilities to use thinking strategies, improved writing to demonstrate learning and math fluency will be integrated daily.

Strategy 4:

Kindergarten Readiness - All Kindergarten students will be screened using the Universal Screener, Brigance. Students will be screened by a trained teacher within the first month of school to determine Kindergarten readiness. Parents will provide input from the Brigance Parent/Social and Emotional Survey. Results will be analyzed and used to form RTI groups, communicate data to parents in student conferences, and design effective instructional lessons based on student needs.

Category: Early Learning

Strategy 5:

Reading Instruction - Each Grade-level will use the District's Grade-level Reading Benchmarks and the District ELA curriculum for K-4, Journeys' assessments to identify students that are struggling and not performing commensurate to same age peers in reading. At the beginning of the school year MAP and Guided Reading Level (GRL) assessments are given to provide baseline data for students. This data will help to identify students that are working below grade-level benchmarks and design intervention plans for struggling readers. All teachers will collaborate throughout the school year to ensure that students are making progress toward the targeted benchmark(s). Upon release, KPREP data will be used to analyze reading achievement and instructional practices to improve reading achievement of all students. Monthly RTI meetings will be used to complete progress monitoring and determine student instructional needs. Weekly grade-level PLC meetings will be used to discuss student work, backward planning, and provide support for best practices in reading instruction.
