The following designations will be used to indicate the progress of a superintendent toward the seven standards and their indicators:

Exemplary:	Exceeds the standard
Accomplished:	Meets the standard
Developing:	Makes growth toward meeting the standard
Growth Required:	Area(s) required to be addressed in the Professional Growth Plan

**Participants will note blue italicized terms below particular indicators/standards. These represent broad thematic headings from the original framing of the Kentucky Superintendent Standards work. From these broad thematic areas, please note that evidence submitted may fall under multiple indicators/standards.*

Directions for the Superintendent:

Self-Reflection - Highlight the column Indicator (Exemplary, Accomplished, Developing, or Growth Required) that describes your self-assessment of the evidence you would upload to your portfolio or e-portfolio for each indicator in a standard. It is not expected that every standard/indicator must be addressed; therefore, only highlight those boxes for which you intend to set goals and provide evidence.

Directions for the Local School Board Member:

Bold and italicize the column indicator (Exemplary, Accomplished, Developing, or Growth Required) that describes the board member's assessment of the evidence submitted in the portfolio or e-portfolio for each indicator in a standard. The superintendent has provided a self-assessment of his/her performance related to the evidence provided. This individual board member assessment can be utilized to collaboratively develop areas of emphasis for the superintendent, and then be combined with other individual board member assessments and incorporated into the Summative Superintendent Evaluation process. Please note that it is not expected that every indicator will be addressed by the superintendent in the self-assessment process.

All of your feedback should be in **bold and italicized letters**, including those indicators/standards not addressed by your superintendent that you wish to comment on.

Throughout this process, be mindful that this is first and foremost, a professional growth support model where the school district will be improved through reflection, assessment, advisement and goal-setting by its core leadership.
